WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE,
Washington, December 3, 1849.

SIR: In obedience to instructions from the War Office, the Adjutant General respectfully submits the following

REPORT,

relative to the land forces employed in the late war with Mexico, being the information called for by the resolution of the House of Representatives of July 31, 1848.

The tabular statements, A, B, C, and D, exhibit in detail the army statistics from the commencement of hostilities on the Rio Grande, April 25, 1846, to the close of the war in July, 1848. The tables have been prepared with great care, and the information they furnish, derived from the reports, returns, &c., received at the Adjutant General's office, is as accurate and precise as the circumstances of the service would permit. Reference to these tables presents the following results:

I.—THE REGULAR ARMY.

1. Statement A shows the strength of the army at the commencement of hostilities with the republic of Mexico, in April, 1846, (7,244); the regular force on the frontier of Texas, May, 1846, present and absent, (3,554); the number of troops joined the several divisions of the army in Mexico, including recruits, (27,470,) of which 15,736 were of the old establishment, 11,186 new regiments, and 548 marines; which added to the force on the Rio Grande in May, 1846, makes the whole number of

the regular army employed everywhere in the prosecution of the war, inclusive of July 5, 1848, the date of the President's proclamation of peace, about 31,024. 35,009 men were recruited from May 1, 1846, to the termination of the war in 1848; 32,190 were put *en route* to Mexico, which exceeds the number *joined*, as reported on the rolls and returns. [See the "remarks," paragraph 4, on table A.]

Casualties.

2. *Old establishment.*—*Discharges* by expiration of service, 1,561; for disability, 1,782; by order and civil authority, 373—total, 3,716. *Deaths*—killed in battle, 41 officers, 422 men; died of wounds, 22 officers, 307 men—total killed and died of wounds, 63 officers, 729 men; ordinary deaths, 49 officers, 2,574 men; accidental, 5 officers, 134 men—total deaths, 117 officers, 3,437 men—aggregate, 3,554. *Wounded in battle*—118 officers, 1,685 men—aggregate, 1,803. *Resignations*, 37. *Desertions*, 2,247.

3. *Additional regiments.*—*Discharges* by expiration of service, 12; for disability, 767; by order and civil authority, 114—total, 893. *Deaths*—killed in battle, 5 officers, 62 men; died of wounds, 5 officers, 71 men; total killed and died of wounds, 10 officers, 133 men; ordinary deaths, 36 officers, 2,055 men; accidental, 30 men—total deaths, 46 officers, 2,218 men—aggregate, 2,264. *Wounded in battle*—36 officers, 236 men—aggregate, 272. *Resignations*, 92. *Desertions*, 602.

4. *Marines serving with the army.*—*Deaths*—killed in battle, 1 officer, 5 men; died of wounds, 3 men—total killed and died of wounds, 1 officer, 8 men; ordinary deaths, 3 officers, 33 men—total deaths, 4 officers, 41 men—aggregate, 45.

5. Table B presents a detailed view of the number of officers and men of the regular army *killed* and *wounded* in battle, and *died of wounds*, from the first conflict of the reconnoitring party, under Captain Thornton, on the left bank of the Rio Grande, April 25, 1846, to the termination of hostilities in 1848, in which the battles, and the regiments and corps engaged, are specified.

II.—THE VOLUNTEER SERVICE.

1. Statement C exhibits in detail, by States, regiments, and corps, the whole number of volunteers mustered into the service from May, 1846; of which 16,887 are mounted men, 1,129 artillery, and 55,244 infantry; making an aggregate of 73,260, including 3,131 commissioned officers. From this number it is proper to deduct the forces called out neither by authority of the War Department, nor under the act of May 13, 1846, and also the number mustered and paid, but soon after discharged as supernumerary. In this class are embraced the three and six-months men, two regiments of twelve-months men from Ohio and Missouri, and one company from Iowa, amounting in all to 14,448; of which 2,778, not being required to proceed to the seat of war, were discharged (except the company) a few days after being mustered into service. Deducting this class from the aggregate mustered into service, (73,260,) the force enrolled under the act of May 13, 1846, and under the 5th section of the act of March 3, 1847, (which authorizes the President to accept the services of

“individual volunteers” to fill *vacancies*, &c.) is about 58,512 officers and men.

2. The following is a condensed view of the various objects of inquiry respecting the volunteer forces found in detail in statement C:

1st. *Three-months men*.—The strength, when mustered into service, was 1,390; and when discharged, 1,269—being a loss of 121. *Discharges* before the expiration of the term, 82; of which 3 were for disability. *Deaths*, 18: ordinary, 8; killed in battle and died of wounds, 10. *Desertions*, 22.

2d. *Six-months men*, (but held only for three months, the legal term.)—Strength when mustered into service, 11,211; and when discharged, 9,620: loss, 1,591. *Discharges* before the expiration of the term, 825, of which 370 were for disability. *Deaths*, 127: ordinary, 107; killed in battle and died of wounds, 6; accidental, 14. *Desertions*, 524.

3d. *Twelve-months men*.—Strength when mustered into service, 27,063; and when discharged, 18,210: loss, 8,853. *Discharges* before the expiration of the term, 4,530; of which 4,064 were for disability. *Deaths*, 2,298: ordinary, 1,792; killed in battle and died of wounds, 439; accidental, 67. *Desertions*, 600.

4th. *Volunteers for the war*.—Strength when mustered into service, 33,596; and when discharged, 21,474: loss, 12,122. *Discharges* before the expiration of the term, 3,732; of which 2,763 were for disability. *Deaths*, 4,572: ordinary, 4,309; killed in battle and died of wounds, 152; accidental, 111. *Desertions*, 2,730.

3. *Recapitulation* of the casualties incident to the *whole number* of volunteers, under various periods of service, is as follows:

Discharges before the expiration of the term, 9,169; of which 7,200 were for *disability*.

Deaths, 7,015, to wit: ordinary, 6,216; killed in battle and died of wounds, 607; accidental, 192.

Resignations, 279.

Desertions, 3,876.

4. Table D presents a detailed view of the officers and men of the volunteer service killed and wounded in battle and died of wounds, in which the various battles, the several regiments engaged, and the States where raised, are specified; and may be regarded as supplemental to statement C, as table B is to statement A, with respect to the regular forces.

5. The numbers reported under the heads “*wounded*” and “*died of wounds*,” in each particular battle or affair, in tables B and D, although correct as exhibited in the field reports of the commanding generals forwarded immediately after the action, do not agree in the aggregates with those in the statements taken from the muster rolls and returns subsequently made up and forwarded to the department, because many reported in the first despatches as being “*wounded*” die of their wounds perhaps weeks after the action. It is believed that many who died of wounds are reported on the rolls as cases of ordinary deaths. It is proper also to state, that the *discharges* on account of disease or disability, and the number of *ordinary deaths* reported to the Adjutant General’s office, and exhibited in the table, must be much less than the actual loss, owing to the missing muster rolls and returns, which could never be obtained, although repeatedly written for to commanders of regiments and corps.

III.—GENERAL AND STAFF OFFICERS PROVIDED FOR THE VOLUNTEER
TROOPS.

The number of general and staff officers appointed for the volunteer forces under the acts of July 5, 1833, June 18 and June 26, 1846, is 312; of which number, 11 are generals, 26 majors, 112 captains, 135 surgeons and assistant surgeons, and 28 additional paymasters. 40 of the persons appointed declined acceptance; 47 were discharged as supernumeraries; 48 resigned; 18 were appointed in other corps; and 17 died.

V. General returns of the regular and volunteer troops, showing the strength of the army at the close of the war with Mexico, will be found in the report of the Adjutant General to the Secretary of War of November 30, 1848, accompanying the President's annual message to Congress at the opening of the last session.* (See the statements G and H.) These tabular statements show the land force in service at the time of the reduction of the war establishment in July, 1848, as follows:

In connexion with this subject, I respectfully refer to the previous reports to the Secretary of War, dated January 18, 1847, and April 5, 1848, published respectively in House Document No. 48, 2d session 29th Congress, and House Document No. 62, 1st session 30th Congress.

This report could not be prepared "by the second Monday in December," 1848, according to the requirements of the resolution, for the reasons set forth in my letter to the Hon. Secretary of War, (copy herewith,) dated December 11, 1848. Several of the muster rolls of the 1st regiment New York volunteers were not received from California until late in June, 1849; and the completion of the report was delayed accordingly, that it might embrace all the information which could be obtained, and thus more fully comply with the terms of the resolution.

Respectfully submitted.

R. JONES,
Adjutant General.

HON. G. W. CRAWFORD, *Secretary of War.*

* Vide Ex. Doc. No. 1, H. R., 30th Congress, 2d session, page 160.

† Being 7,509 less than the number when these troops were first mustered into service. This difference is not fully accounted for by casualties exhibited in the tabular statement; first, because many individuals subsequently enrolled (i. e., enlisted) never joined their regiments, and therefore were not taken up on the rolls; but in the table (C) they are included in the aggregate "received into service," and are not otherwise accounted for, no report of their loss having ever been received; secondly, the number of ordinary deaths, discharges, &c., exhibited in the statement (C) must be considerably under the actual loss, owing to the missing muster rolls, which could never be obtained from some of the regiments, and from which alone the necessary information could be derived.

WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE,
Washington, December 11, 1848.

SIR: I have respectfully to report that the muster rolls of discharge of Colonel Stevenson's regiment of New York volunteers, and Lieutenant Colonel Bell's battalion of Texas volunteers, not having been yet received, a full answer to the resolution of the House of Representatives of July 31, 1848, calling for certain information relative to the regular and volunteer troops in the Mexican war, (which should have been furnished this day,) cannot be completed. Immediately on the receipt of these rolls, the information called for will be furnished, so far as the inaccuracy of many of the papers from which they are derived will admit. The short delay, it is hoped, will be regarded as of little importance, compared with the enhanced value of the statements when rendered in a more complete form.

I am, sir, very respectfully, your obedient servant,

R. JONES,
Adjutant General.

Hon. W. L. MARCY,
Secretary of War.

The losses under the heads of "wounded" and "died of wounds" in each particular battle or affair, as exhibited in the field reports of the commanders forwarded immediately after the action, although correct at that time, are often liable to revision when subsequently reported in the regimental returns and company rolls; because many men reported in the first despatches as being wounded die of their wounds perhaps weeks after the action, &c. The aggregates in statements B and D ought to agree with the same heads in the other statements; but on account of the loss of many intermediate muster-rolls and returns, the results are not the same.
